### Why to join ?

- Meet Experts & Influencers Face to Face
- Networking Opportunities
- Learning In a New Space
- New Technologies
- Greater Focus
- Have Energy of Like-Minded Individuals
- Investing on Yourself & finally have Fun!

### Develop Networking with.....

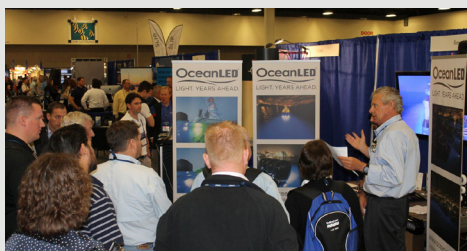

- Industry leaders
- Product scientists
- Development managers
- C-level executive
- Academicians
- Clinical research departments

### Meet your “Subject Matter Expert” (SME)

Subject Matter Experts will guide you in current Research & development. They help you in research queries, content, identify the objectives, and ensure your research scientifically acceptable.

### Workshop/ Interactive Sessions

Workshop sessions involve extensive interaction between presenters and participants around an idea or hands-on experience of a practice. These sessions may also take the form of a crafted panel, staged conversation, dialogue or debate – all involving substantial interaction with the audience.

### Round table Discussions

The right conference can be a game changer for your research and professional career. More importantly, the Round table conversation brings the experts networking and create the goldmine of opportunities.

**Explore New York**

New York is the third most heaving state in the United States following California and Texas. Of its population of 19 million, a little over 8 million live in New York City alone. New York City is the most linguistically diverse city with over 800 languages spoken, and 4 in 10 households speak a language other than English and third leading producer of dairy products in the United States. Albany is the state capital of New York.

The New York Stock Exchange is the largest exchange in the world, with a trading volume of \$5.5 million. The second largest is the NASDAQ, which is also located in New York and it is the home of many inventions, including toilet paper and chewing gum. Rochester, NY, alone was the birthplace of marshmallows, Jell-O, French's Mustard, baby shoes, gold teeth, mail chutes, and bloomers. According to a report by CNBC, New York was the 3rd most expensive state to live in for the year 2014, after Hawaii and Connecticut. The average price of a home in New York that year was \$1.3 million, the highest in the United States.
