London is the capital and most populous city of England and the United Kingdom. Standing on the River Thames in the south east of the island of Great Britain, London has been a major settlement for two millennia. London is a leading global city in the arts, commerce, education, entertainment, fashion, finance, healthcare, media, professional services, research and development, tourism, and transportation. It is crowned as the world's largest financial centre and has the fifth- or sixth-largest metropolitan area GDP in the world. London is one of the pre-eminent financial centres of the world as the most important location for international finance. London is one of the leading tourist destinations in the world and in 2015 was ranked as the most visited city in the world with over 65 million visits. London has a varied range of societies and cultures, and more than 300 languages are spoken within its boundaries. It is a chief center of higher education and research and its 50+ universities form the largest concentration of higher education in Europe.
