RESEARCH LAKE

INVITATION

Research Lake International Inc welcomes all the Pediatricians and Pediatric healthcare professionals around the globe to join **International Conference on Pediatrics and Neonatology (Pediatrics 2020)**, which is scheduled to take place in **London, UK on May 18-19, 2020**. Pediatrics 2020 aims to bring together all the Pediatricians, Neonatologists, Infant specialist, Children specialist, Adolescent specialist, Professors, nurse practitioners, residents and students under one roof on a global platform to exchange peer experiences on pediatric and neonatal research outcome. The theme of the conference is "Diagnosis and management of pediatric diseases and delivery of childcare".

We gladly welcome attendees from all around the world to present their ideas, expand their networks, knowledge, and recent innovations and inventions in the field Pediatrics and Neonatology.

This is an excellent opportunity for the delegates from Universities and Institutes to interact with the world class scientists. The intending participants can confirm their participation by registering for the conference along with your colleagues.

ABOUT

RESEARCH LAKE

Research Lake International is a platform where Internationally renowned researchers, highly respected professors, C-Level executives meet and connect to build up a research community and provide strategic direction to academicians and practitioners through themed conferences, scientific publications, management review, and trend analysis in the field of medicine and technology.

ABOUT CONFERENCE: Pediatrics is the branch of medicine which is associated with the medical care & development of infants, neonates, children and adolescents from birth till adolescence. The aim of pediatrics is to control the spread of infectious diseases, reduce infant and child deaths rate and to promote active lifestyles for a long disease-free life and also to help in simplifying the problems of children and adolescents with chronic conditions.

Pediatrics 2020 will provide you two days of robust discussions on strategies and methods related to prevention, diagnosis and management of pediatric diseases as well as explore innovative concepts on a global scale. This conference will provide you an excellent opportunity to share views and knowledge through interactive keynote, plenary, poster and B2B discussions in the field of pediatrics.

Research Lake International cordially welcome you to London, UK to provide you a platform to investigate the advancements in the field of Pediatrics and Neonatology. We are sure that you will have a fruitful and memorable experience in science and tourism.

SCOPE OF THE

CONFERENCE

The organizing committee is set up for an informative and exciting conference program including plenary lectures, symposia, workshops on a variety of topics, poster presentations and various programs for participants from all over the world. We welcome you to join us at Pediatrics 2020, where you will be able to meet the scholars from around the world. All members of the Pediatrics 2020 organizing committee look forward to meeting you in London, UK.

INTENDED AUDIENCE:

- ✦ Neonatologists
- ✦ Pediatricians
- ✦ Pediatric Cardiologist
- ✦ Pediatric Endocrinologists
- ✦ Pediatric Dentists
- ✦ Immunologists
- ✦ Pediatric Dermatologists
- ✦ Pediatric Nephrologists
- ✦ Pediatric Neurologists
- ✦ Pediatric Nurses
- ✦ Pediatric Surgeons
- ✦ Pediatric Gastroenterologists
- ✦ Pediatric Researchers
- ✦ Specialist in Adolescent Medicines
- ✦ Pediatric Physicians
- ✦ Pharmacists
- ✦ Pediatric Scientists
- ✦ Pediatric Associations and Societies
- ✦ Pediatric Faculty
- ✦ Manufacturing Medical Device Companies

WHY CHOOSE US?

- ▶ Prospective Attendees
- ▶ Global & Local Expertise
- ▶ Quality without compromise
- ▶ Strong sense of identification
- ▶ Transparency in communication
- ▶ Open gateway towards innovation
- ▶ Larger Worldview of the Profession
- ▶ Highly organized and structured scientific programs
- ▶ We're passionate about what we do

KEY DISCUSSIONS/ SESSIONS

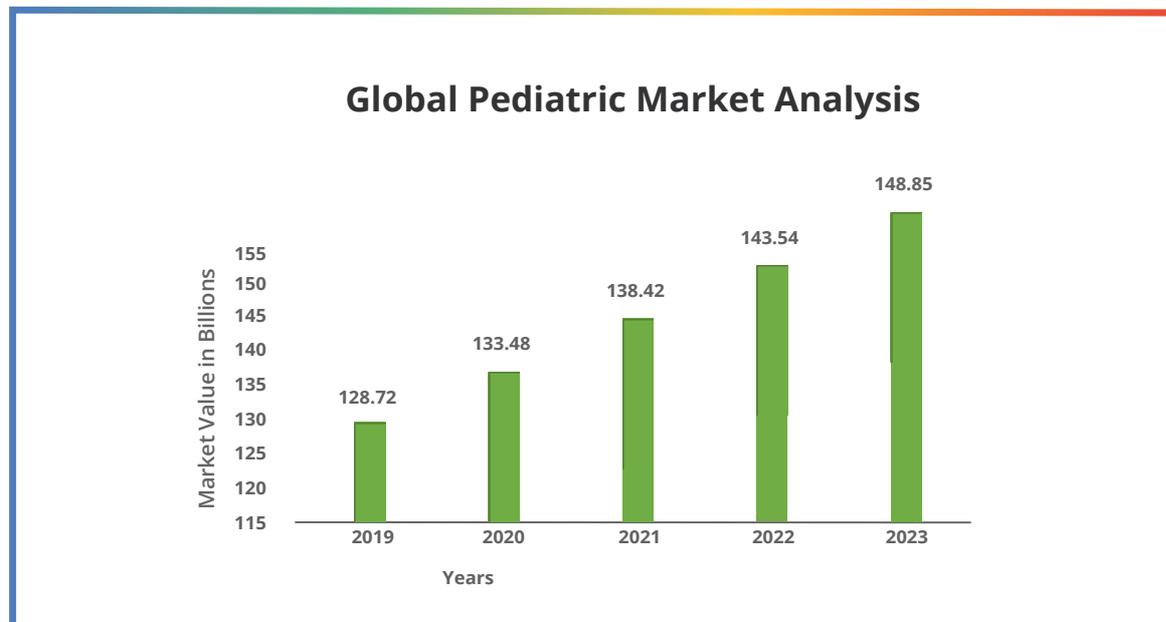

- ▶ General Pediatrics
- ▶ Neonatal and Perinatal Care
- ▶ Breast feeding
- ▶ Immunization
- ▶ Developmental behavior pediatrics
- ▶ Pediatric Critical care
- ▶ Pediatric Nutrition
- ▶ Pediatric Malnutrition
- ▶ Pediatric Obesity
- ▶ Pediatric Infections
- ▶ Pediatric Cardiology
- ▶ Pediatric Oncology
- ▶ Pediatric Neurology
- ▶ Pediatric Surgery
- ▶ Pediatric Nephrology
- ▶ Pediatric Toxicology
- ▶ Pediatric Dentistry
- ▶ Pediatric Gastroenterology
- ▶ Pediatric Genetics
- ▶ Pediatric Endocrinology
- ▶ Pediatric Hematology
- ▶ Pediatric Pulmonology
- ▶ Pediatric Anesthesiology
- ▶ Pediatric Dermatology
- ▶ Pediatric Ophthalmology
- ▶ Pediatric Radiology

MARKET RESEARCH

The global pediatric market essentially comprises of the healthcare services provided to infants, children and adolescents. Although most of the health care analysis is taken from the adult health care system, issues in pediatrics field is unique and challenging and should be treated differently than adults. Children are often liable to diseases & illness and catch infections easily. The purpose of Pediatric healthcare is to help children to grow up healthily. Millions of babies die from disease, malnutrition and virus each year. It is quite significant to study pediatric healthcare which mainly involves in nutritionals, vaccines and drugs.

The global Pediatric Healthcare market is valued \$128.72 billion in 2019 and expected to grow at 3.7% CAGR from the current value to \$148.85 billion by the end of 2023. Since parents are becoming more conscious about their children's health, globally the paediatrics market is growing at a significant pace with companies scrambling to get a significant share of the market.
