ABOUT THE EVENT

Magnus Group is pleased to invite you to participate in the Hybrid Event - ‘**International Alzheimer’s Disease & Dementia Conference**’ (Dementia 2022) during **June 15-16, 2022** in **Rome, Italy** with the theme “*Explicating Advancements to Combat the Silent Epidemic of Dementia and Alzheimer*” following the victorious completion of three editions on Neurology.

HYBRID EVENT: You can participate in person at **Rome, Italy** or **Virtually** from your home or work.

This Dementia 2022 is intended to put together leading speakers and experts on a common forum that serves as a means of disseminating peer-reviewed and cutting-edge scientific data that ties the entire field to the neurology community worldwide. Overall, high-quality information would result in the presentation of the best material on the most relevant topics by speakers with intense discussions, conducted in a pleasant atmosphere needed to facilitate as much networking and learning as possible.

The Organizing Committee of the Conference remains proactive in tracking the COVID-19 pandemic, and this event is organized as a hybrid format with both on-site and virtual versions, allowing participants who are unable to attend the in-person conference in Italy for a number of reasons.
