8<sup>th</sup> Annual Congress on

# Plant Biotechnology & Plant Science

August 23-24, 2022 | London, UK

Theme: Evaluating Plant Science Innovations for A  
Sustainable Green Future

<https://www.conferenceseries.com>

# INVITATION

Dear Attendees,

We are glad to announce the “8<sup>th</sup> Annual Congress on Plant Biotechnology & Plant Science” to be held in London, UK on August 23-24, 2022 organized in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members. Plant Biotech-2022

aims at sharing new ideas and technologies amongst the professionals, industrialists and students from research areas of Case Reports and its Research. As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. 8<sup>th</sup> Annual Congress on Plant Biotechnology & Plant Science amid August 23-24, 2022 at London, UK. This consolidates incite keynote presentations, Oral talks, Poster presentations and Exhibitions.

Sincerely,

**Plant Biotech-2022**

Organizing Committee

# ABOUT US

## Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

## Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

## Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

## Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manuscripts in our Open Access Journals

# ABOUT CONFERENCES

Conference Series Ltd is overwhelmed to announce the commencement of 8th Annual Congress on Plant Biotechnology & Plant Science to be held during August 23-24, 2022 London, UK. The upcoming conference will be organized around the theme “Evaluating Plant Science Innovations for A Sustainable Green Future”.

Conference Series Ltd organizes 1000+ Conferences every year across USA, Europe & Asia with support from 1000 more scientific Societies and Publishes 700+ Open Access Journals which contains over 50000 eminent personalities, reputed scientists as editorial board members.

The Plant Biotech-2022 theme has broad interests, which address many aspects of Plant Biology, Plant Science, Plant Physiology, Plant Biotechnology, and Plant Pathology. Research in the theme includes looking at plant resistance to parasites and pathogens, studying molecular and physiological adaptations to biotic and abiotic stress, identifying signaling mechanisms in plant responses to disease and using RNA silencing as an antiviral mechanism. Metabolic engineering of plants for producing biodegradable plastics, healthier sugars, and biofuel production and plants grow in association with complex communities of organisms. Phytobiomes encompass all of the organisms and all aspects of the environment that influence or are influenced by plants.

## Plant Biotech-2022 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

## How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 150+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientist’s representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

## Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through.
- Bringing together the world’s scientific experts to catalyze and advance scientific knowledge about International Conference on Case Reports , present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services

# ABOUT CONFERENCES

## Objectives

- After participating in this meeting, attendees should be able to
- Discuss emerging issues in Plant Science
- Discuss emerging issues in Plant

## Who should attend?

Academicians including Professors, PhD Scholars, Students carrying out Dental and Oral health and field studies, Industrial Giants, Dental and Oral health and the people Associated, Nobel laureates in skin growth, Dentists, Dental PhD scholars and Many more.

## Conference Sessions

- Medicinal Plants and Pharmacognosy
- Phytonanotechnology
- Plant Physiology & Biochemistry
- Plant Biotechnology
- Plant Tissue Culture
- Plant Genetics & Genomics
- Plant Sciences & Plant Research
- Plant Molecular Biology
- Plant Pathology & Mycology
- Horticulture
- Agronomy & Agricultural Research
- Hybrid Crops
- Plant Metabolism
- Plant Anatomy
- Plant Breeding and Molecular Breeding
- Plant Nutrition and Soil Sciences

## About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by CROSSREF.

# ABOUT LONDON

London is the capital and largest city of England and the United Kingdom, with a population of just over 9 million. It stands on the River Thames in south-east England at the head of a 50-mile (80 km) estuary down to the North Sea, and has been a major settlement for two millennia. The City of London, its ancient core and financial centre, was founded by the Romans as Londinium and retains boundaries close to its medieval ones. Since the 19th century, The name “London” has also referred to the metropolis around this core, historically split between the counties of Middlesex, Essex, Surrey, Kent, and Hertfordshire, which largely comprises Greater London, governed by the Greater London Authority. The City of Westminster, to the west of the City of London, has for centuries held the national government and parliament.

As one of the world’s major global cities, London exerts a strong influence on its arts, entertainment, fashion, education, commerce and finance, health care, media, science and technology, tourism, and communications. Its GDP (€801.66 billion in 2017) makes it the biggest urban economy in Europe, and it is one of the major financial centres in the world. As of 2021, London had the most millionaires of any city. With Europe’s largest concentration of higher education institutions, it includes Imperial College London in natural and applied sciences, the London School of Economics in social sciences, and the comprehensive University College London. The city is home to the most 5-star hotels of any city in the world. In 2012, London became the first city to host three Summer Olympic Games.onal Museum of Art, Osaka Tennōji Zoo & Park, Osaka Science Museum, The Umeda Sky Building, Universal Studios Japan, Tenmangu Shrine and the Tenjin Festival
