# ABOUT VANCOUVER

Vancouver, a bustling west coast seaport in British Columbia, is among Canada's densest, most ethnically diverse cities. A popular filming location, it's surrounded by mountains, and also has thriving art, theatre and music scenes. Vancouver Art Gallery is known for its works by regional artists, while the Museum of Anthropology houses preeminent First Nations collections. The city has become a centre for high-technology industries and for television and film production. Indeed, in the early 21st century it ranked after Los Angeles and New York City as the third largest film-production location in North America, and many television programs are produced in the region

The "17<sup>th</sup> International Conference on Alzheimers Disease & Dementia" has been planned with the theme "Exploring Recent Advances and Diagnostic Approaches in Dementia and Alzheimer's Disease" to be conducted in Vancouver, Canada in the month of October 16-17, 2023. With the aim to provide the best platform to global researchers and to pay off their hard labors, we are offering our best packages to our participants, which includes both registration and accommodation facilities.
