

SCIENTIFIC EXPLORES

USCC -2024

UNITE SCIENTIFIC CHEMISTRY CONFERENCE

July 18-19, 2024

Munich, Germany

ABOUT CONFERENCE

On the success of 3rd editions of Chemistry International Events, Unite explores is glad to announce the "4th Edition of Unite Scientific Conference on Chemistry (USCC-2023)" which is going to be held during June 18 - 19, 2024 to take place in Munich, Germany.

The conference theme is 'Exploring Global Perspectives of Research advancements in chemistry that shaping the future'. We are heartily open the invitation for the Participants who are involving and working on Chemistry Research. The, future challenges of chemistry will chieve by using sustainable methods, management of resources, analysing environmental impacts, creating awareness to the upcoming researchers.

USCC-2023 aims to bring together researchers, scientists, and industrialists from all over the world to exchange ideas, discussing cutting-edge research and development and identify future demands and needs in the fields of chemistry, materials science, and Chemistry is also expected to play a crucial role in green energy generation and storage, reduce carbon footprint by renewable energy, energy storage, personalized medicine, mutational drugs, sequencing, vaccines, agriculture, environment, information technology, pharmaceuticals, medicine, recycling and battery technology of all growing research areas in the future.

In particular, the last few years have seen a rapid expansion of chemistry and the chemical industry, which has created enormous opportunities. .It is extremely interdisciplinary in nature, encompassing all branches of science and technology. Our platform will provide you the opportunity to gain the knowledge beyond the boundaries and expose your research to the global attendees.

CONFERENCE HIGHLIGHTS

- ☞ Organic Chemistry
- ☞ Medicinal Chemistry
- ☞ Catalysis
- ☞ Physical Chemistry
- ☞ Chemical and Biomedical Engineering
- ☞ Theoretical and Computational Chemistry
- ☞ Chemistry Engineering
- ☞ Electrochemistry
- ☞ Inorganic Chemistry
- ☞ Material Chemistry and Functional Materials
- ☞ Nano Chemistry
- ☞ Polymer Chemistry and
- ☞ Environmental & Green Chemistry
- ☞ Industrial Chemistry
- ☞ Analytical Chemistry
- ☞ Chemical Education

CONFERENCE SCHEDULE

DAY-I Thursday July 18, 2024

- 08:00 - 09:00 Registrations
- 09:00 - 09:10 Opening Ceremony
- 09:00 - 10:30 Keynote Session
- 10:30 - 11:00 Coffee Break
- 11:00 - 12:40 Speaker Session
- 12:40 - 13:30 Lunch Break
- 13:30 - 15:00 Keynote Session
- 15:00 - 15:30 Snack Break
- 15:30 - 17:10 Speaker Session

DAY-II Thursday July 19, 2024

- 09:00 - 10:30 Keynote Session
- 10:30 - 11:00 Coffee Break
- 11:00 - 12:40 Speaker Session
- 12:40 - 13:40 Lunch Break
- 13:40 - 15:40 Speaker Session
- 15:40 - 16:10 Snack Break
- 16:10 - 17:10 Poster Session

CONFERENCE VENUE

Munich, Germany

Munich is the capital and most populous city of the Free State of Bavaria. With a population of 1,578,132 inhabitants as of 31 May 2022, it is the third-largest city in Germany, after Berlin and Hamburg, and thus the largest which does not constitute its own state, as well as the 11th-largest city in the European Union. The city's metropolitan region is home to 6 million people.

Once Bavaria was established as Kingdom of Bavaria in 1806, Munich became a major European centre of arts, architecture, culture and science. In 1918, during the German Revolution of 1918–19, the ruling House of Wittelsbach, which had governed Bavaria since 1180, was forced to abdicate in Munich and a short-lived Bavarian Soviet Republic was declared. After the end of post-war American occupation in 1949, there was a great increase in population and economic power during the years of Wirtschaftswunder. The city hosted the 1972 Summer Olympics.

Today, Munich is a global centre of science, technology, finance, innovation, business, and tourism. Munich enjoys a very high standard and quality of living, reaching first in Germany and third worldwide according to the 2018 Mercer survey, and being rated the world's most liveable city by the Monocle's Quality of Life Survey 2018. Munich's economy is based on high tech, automobiles, and the service sector, as well as IT, biotechnology, engineering, and electronics. Munich is a fun-loving city, known for its seasonal festivals and rich cultural calendar, so along with visiting the beautiful churches and outstanding museums and palaces, you can spend some time with the local's night festival colourful markets.

CONFERENCE INFO

IMPORTANT DATES:

ABSTRACT SUBMISSION STARTS: JULY 24, 2024
REGISTRATIONS OPEN: AUGUST 04TH, 2024

REGISTRATION PRICE:

ABSTRACT SUBMISSION - <https://chemistry.uniteexplores.com/abstractsubmission>
REGISTRATION: - <https://chemistry.uniteexplores.com/registration>

REGISTRATION PRICE:

SPEAKER (BUSINESS/ ACADEMIC)	\$ 699
STUDENT/ YOUNG RESEARCHER)	\$ 599
DELEGATE/LISTENER	\$ 799

CONTACT US:

1968 S. COASTHWY #3568
LAGUNA BEACH CA 92651
UNITED STATES
EMAIL: chemistry@uniteexplores.com

PAST CONFERENCE GLIMPSE

ROME , ITALY / JUNE 22,23-2023
