ABOUT CONFERENCE

Scitechseries cordially invites you to join us at the “**International Conference on Aquaculture and Fishery science**” (**Aqua 2024**) scheduled during **November 27-28, 2024** in **Singapore**.

The primary focus of the conference will be on the theme “**Marine Miracles: Exploring the Depths of Aquaculture and Fishery Science.**”

Aqua 2024 stands as an annual gathering of leading minds in global aquaculture and fisheries, fostering the exchange of the latest insights shaping the sustainable production, management, and conservation of aquatic resources. This international conference, strategically timed amidst crucial advancements in aquaculture and fishery research, places a primary focus on recent and impactful innovations and practices. Tailored to engage faculty members, researchers, aquaculturists, fishers, scientists, policymakers, practitioners, educators, students, and industry representatives, the event offers a platform for comprehensive discussions in the field of aquaculture and fishery science. With distinguished keynote presentations, interactive panel discussions, oral abstract presentations, poster sessions, and a diverse range of scientific and industrial exhibitors, the conference ensures a robust program. Committed to maintaining its stellar reputation for excellence, the Congress promises timely exploration of cutting-edge topics within the realm of aquaculture and fishery science.

We extend a warm invitation to **Aqua 2024** to address the challenges posed by Aquaculture and Fishery Science.
