# ABOUT THE CONFERENCE

Conference Series thrilled to announce the “**17th International Conference on Neurology and Neuromuscular Disorders**” and extends a warm invitation to participants worldwide. This exciting event is scheduled to take place from **February 17-18, 2025**, in **Paris, France**.

This **HYBRID EVENT** allows you to participate as In person at **Paris, France** or Virtually from your home or workplace.

The central theme of Neurology Conference 2025 is “Biomarkers for Early Detection and Progression of Neurological and Neuromuscular Diseases”, highlighting its vital role in the dynamic and essential realm of global research.

**Neurology Conference 2025** stands as a crucial platform for rapid advancements and critical discussions in the field of neurology and neurological disorders, playing a pivotal role in shaping the future of global research. Our primary goal is to prioritize neurology education to propel research in this rapidly evolving domain. The conference will delve into contemporary methodologies in neurology while creating an educational framework designed to mentor the upcoming generation of neurologists. The focus will be on cultivating effective communication skills and encouraging collaboration across a spectrum of disciplines, encompassing both established and emerging fields. We a warm welcome to scientists, medical practitioners, researchers, and delegate extends to join us at Neurology conference 2025, contributing to the exchange of knowledge and the advancement of neurology and neurological research.
