**PHARMA RND AND
DRUG DISCOVERY
WORLD CONFERENCE**

18-20 JULY, 2025

ABOUT THE CONFERENCE

Drug discovery and development are intricate parts of the pharmaceutical industry. The rising burden of various chronic and infectious disorders worldwide has driven the field of drug research and development. The pharmaceutical industry is making a huge investment in research and investment to develop extraordinary medication to serve humanity. The Pharma RnD and Drug Discovery World Conference 2025 is expected to be a groundbreaking conference scheduled in France from July 18-20, 2025. This event is organized to explore the world of Pharma research and development and shed light on advances in drug discovery.

The event is expected to bring together scientists, students, leading researchers, industry experts, policymakers, regulatory agencies, and businesses to explore the field of drug discovery and development and foster valuable networking opportunities. The conference features engaging programs such as poster presentations, talks, and workshops, allowing participants worldwide to discuss novel drug discovery and development techniques that are revolutionizing the pharmaceutical industry. This event offers an excellent platform for exploring the current trends, challenges, solutions, and opportunities in optimizing potential drug candidates.

This conference will deliver insights into understanding the disease mechanisms and identifying the potential drug molecules for a particle disease target. Attendees will have the exclusive opportunity to explore several scientific sessions, including Pharmaceutical Research and Development, Drug Delivery Systems, Pharmaceutics, Pharmacology & Toxicology, Pharmacotherapeutics, Pharmaceutical Chemistry, Pharmacokinetics, Pharmacodynamics, Pharmacogenomics, Clinical Research, Clinical Trials, Personalized Medicine, Nanomedicine, Drug Discovery, Computer-Aided Drug Design, Advancements in Drug Discovery Technology, Challenges in Drug Discovery, and Drug Screening.

The conference welcomes great minds from around the world to participate and make this event a tremendous success. This will be an excellent opportunity for the pharmaceutical industries to learn about current advancements and regulatory policies, enabling them to strategize their research and development efforts and improve their business.

ABOUT ORGANIZER:

Precision Global Conferences is a highly established scientific conference organizer. We take high integrity in conveying your achievements to the world. We emphasize your incredible work and contribution to the science. Precision global conferences have produced the progression, broadcast, persistence, research, and development activities in the field of cancer, neurology, nursing science, and catalysis.

We support the beacon of quality research works and efforts of the academicians, researchers, scientists, and doctors and all the future young to be experts to fearlessly confide their eminent works. Our primary goal is to make health care accessible and understandable to the people. We are ecstatic to pass on the ray of research and developments, and innovative therapies throughout the world. Hence, we are here to organize and conduct high esteemed conferences.

This conference will emphasize the distinguished works and their medicinal consequences through hybrid presentations. If you are in search of a perfect podium that can reflect your professional ethics and voice your work we are here with the best team, welcoming your honourable presence
